Teas! Teas!

TEAS FOR THE PEOPLE. No More Enormous Profits for Consumers to pay. Fifty Cents to One Dollar per Pound Saved by buying your Teas direct from the Importers.

T. Y. Kelley & Co., Importers of Teas, in connection with their large wholesale business, have determined to introduce their Teas directly to consumers at importers' prices, thus effecting a saving to the consumer of 40 to 60 per cent. Families can now club together for any kind or qualities of Teas, in packages of one pound and upwards, and we will send them a superior article of Tea at 5 per cent. above the cost of importation. Let some energetic lady or other person in each neighborhood call upon her acquaintances and take their orders for any of the following named Teas, and when a club of ten, twenty, or more is obtained, send to us and we will send the Teas put up in separate packages, with the name of each person marked on it, all enclosed in one box. As a *further inducement* to the person getting up the club we will send for his or her services, an extra complimentary package on all orders of $30 and upward. It is perhaps not well understood *why* we can sell Teas so very low; but when it is taken into consideration that besides the original cost of importation, the Broker, Speculator, Jobber, Wholesale Dealer and Retailer, has each to reap a large profit, and the innumerable Cartages, Cooperages, Insurances, Storages, &c., which Teas have to pass through before they reach the consumer, will readily explain this. We propose to do away with seven-eighths of these profits and expenses, and it now remains with the *people* to say whether they shall save 50 cents to $1 00 per pound on every pound of Tea they purchase, or be compelled to give their earnings to a host of useless go-betweens.

PRICE LIST.

OOLONG, (Black) 70, 80, 90, $1 00, $1 10, best $1 25 per pound.
ENGLISH BREAKFAST, (Black) 80, 90, $1 00, best $1 25 per pound.
YOUNG HYSON, (Green) 85, 95, $1 05, extra $1 25, superior $1 50 per pound.
MIXED, (Green and Black) 70, 80, 90, best $1 00 per pound.
IMPERIAL, (Green) $130, best, per pound.
JAPAN, $1 00, $1 10, $1 25, best, per pound.
GUNPOWDER, (Green) $1 30, best $1 60 per pound.

COFFEE DEPARTMENT.

We have lately added a Coffee Department to our establishment, and although we cannot promise the consumer as great a saving as we can on Teas, (the margin for profit on Coffees being very small,) yet we can sell Coffees fully 25 per cent. cheaper than retailers charge. Our Coffees come direct from the Custom House, and we roast and grind them perfectly pure, put up in 1 or more pound packages, at an advance of 2 cents per pound.

Our Wholesale Price—Ground Coffees—Pure Rio, 25, 30 cents per pound. Best Old Government Java, 40 cents. Best Ceylon, 40 cents.

SENDING MONEY.—Parties sending orders for less than $30 for Teas or Coffees should send with their order a P. O. Draft or the money, to save the expense of collecting by Express. But large orders we will forward by Express and collect on delivery.

We shall be happy at all times to receive a call at our warehouse from persons visiting the city, whether dealers or not.

Selected Poetry.

THE SNOW STORM.

BY R. W. EMERSON.

Announced by all the trumpets of the sky,
Arrives the snow, and, driving o'er the fields,
Seems nowhere to alight; the whitened air
Hides hills and woods, the river and the heavens,
And veils the farm-house at the garden's end.
The sled and traveler stopped, the courier's feet
Delayed, all friends shut out, the housemates sit
Around the radiant fire-place, enclosed
In a tumultuous privacy of storm.

Come see the north wind's masonry
Out of an unseen quarry evermore
Furnished with tile, the fierce artificer
Curves his white bastion's with projected roof
Round every windward stake, or tree, or door,
Speeding, the myriad-handed, his wild work
So fanciful, so savage, naught cares he
For number or proportion. Mockingly,
On coop or kennel he hangs Parian wreaths;
A swan-like form invests the hidden thorn;
Fills up the farmer's lane from wall to wall,
Maugre the farmer's sighs; and, at the gate,
A tapering turrent overtops the work.
And when his hours are numbered, and the world
Is all his own, retiring, as he were not,
Leaves, when the sun appears, astonished Art
To mimic in slow structures, stone by stone,
Built in an age, the mad wind's night-work,
The frolic architecture of the snow.

Agricultural & Domestic.

PARTIALITIES AT FAIRS.

One of the minor hindrances to the success of our Agricultural and Horticultural Fairs, is the real or fancied injustice done to exhibitors. When a man takes great trouble and goes to some expense in preparing to exhibit stock or grain, or fruit or flowers, and then finds his articles slighted, and the premiums given to less deserving competitors, he feels hurt, and perhaps resolves to abandon the Society and its exhibitions. Every year witnesses cases of this kind.

Now, to avoid such troubles, it is important, first of all, to secure good men for Judges. They should be men above all mean and petty prejudices and partialities, men thoroughly competent to decide on the merits of the articles presented before them, and who will give time and thought to their examination.

The time for selecting the Judges is at the winter meeting of the local Society. Let all the members attend this meeting and see to it that good and true men are chosen for officers. Then, let the Board give time and careful thought to the choice of Judges. The success of the Society will depend much upon this. But when the Judges have been appointed, the exhibitor should thenceforth dismiss all suspicions of partiality, and take the decision of the Judges as given in good faith. Let us ever remember that we are apt to think more highly of our articles than we ought to think. The Judges have to look on all sides of a case in order to render due justice to all parties. Putting faith in their honor and fairness, we should bear with occasional disappointments quietly. This course is right in itself, and is the only way in which a Society and its Fairs can be successfully maintained.

Nevertheless, it is important that the Judges should feel their responsibilities as men, to render unbiassed judgment, and we think that over every department a member of the Executive Board should preside, and while he watches narrowly the behavior of exhibitors, some of whom will leave no stone unturned to influence Judges in ther favor, he should be ready to entertain objections to Judges or their actions; and in case proof is afforded of improper bias, it should be in his power to arrest proceedings and have a new committee appointed, or the unfair man removed.—The position of Judge at a Fair is a thankless one, and should be made as light and agreeable to honest men as possible. But the Executive Committee should avoid men who ask for appointment, or who are nominated by exhibitors in the classes they inspect.—*American Agriculturist.*

We publish the above because its suggestions are, in the main, good. We do not think it would be necessary to adopt all of them in an honest county like Adams.

◆

SPRING WHEAT FROM RUSSIA FOR DISTRIBUTION.—The Commissioner of Agriculture is in receipt of a large quantity of the celebrated Amantaka (spring) wheat from Odessa, Russia, imported by the Department for distribution among the farmers of such sections of the country as successfully cultivate spring wheat. The weight of this grain is about sixty-five pounds, and its superiority, it is stated, has been tested during the past season on the experimental farm of the Department. It will be distributed with the assurance that its general introduction will prove of great benefit to the whole growing interests of the United States.

◆

MEADOWS—TOP-DRESSING.—On most farms there are portions of meadows of which the produce is very small compared with others. These sections can be much improved, without breaking the sward, by a liberal top-dressing of lime and salt. These will invigorate the growth of the aftermath, and if repeated the ensuing spring will render the poor spots equal in productiveness to those by which they are surrounded. The experiment is worth trying, unless it is deemed desirable to break up the whole meadow for the purpose of reseeding at a future day. Nearly the same result can be produced by the application of leached wood ashes as a top-dressing where the material is attainable for that purpose.

WHITEWASHING FRUIT AND ORNAMENTAL TREES.—The practice of coating the bark of fruit and ornamental trees with whitewash is one that cannot be too severely deprecated. The obstruction of the perspiratory organs and orifices, whether effected by the application of whitewash or any other adhesive material, always acts as a fruitful source of disease, and in time proves fatal to the tree.—When the bark becomes rough, or incrusted with moss, it should be cleaned by scraping and washing down thoroughly with a solution of potash or soda in water, affording smoothness to the surface without obstructing the pores.

TO KEEP THE FEET DRY.—The following recipe for keeping the feet dry and preserving leather is highly recommended by those who have used it:—"It consists of four articles—tallow, soap, rosin, and water. These ingredients are prepared as follows: Twenty-one parts of tallow are melted in a vessel, three parts of rosin added, and the two, when melted, mixed well together; in another vessel, seven parts of good washing soap are dissolved in seventy parts of pure rain water. After it is dissolved, and the mass heated to a boiling point, we add the part prepared before; let it boil once more gently, and the preparation is ready for use. It is especially adapted to boots, harness and leather gilding."

CREAM IN COLD WEATHER.—For some reason not yet known, cream skimmed from milk in cold weather does not come to butter, when churned, so quickly as that from the same cow in warm weather. Perhaps the pellicles which form the little sacks of butter in the cream, are thicker and tougher. There is one method of obviating this trouble in a great degree. Set the pan of milk on the stove, or in some warm place, as soon as strained, and let it remain until quite warm—some say, until a bubble or two rises, or until a scum of cream begins to form on the furface.

☞No Grindstone should be exposed to the weather, as it not only injures the wood-work, but the sun's rays harden the stone so much as, in time, to render it useless. Neither should it run in water, as the part remaining in the water softens so much that it wears away faster than the other side; and many a "soft place" has arisen from this cause alone, and not from any inequality in the grit.

COUNTRY COURTING.

"Get out, you nasty puppy—let me alone, or I'll tell my ma!" cried Sal Smith to her lover, Jake Jones, who sat about ten feet from her, pulling dirt from the chimney jam.

"I ain't touchin' on you, Sal," responded Jake.

"Well, perhaps you don't mean to, nuther—do you?"

"No, I don't."

"Cause you are too tarnal scary, you long-legged, lantern-jawed, slab-sided, pigeon-toed, gangle-kneed owl, you hain't got a tarnal bit of sense; get along home with you."

"Now, Sal, I love you, and you can't help it, and ef you don't let me stay and court you, my daddy'll sue yourn for that cow he sold him t'other day. By jingo, he said he'd do it."

"Well, look here, Jake, if you want to court me you had better do it as a white man does that thing—not set off there as though I was pizen."

"How on airth is that, Sal?"

"Why, side right up here and hug and kiss me, as if you really had some of the bone and sinner of a man about you. Do you s'pose a woman's only made to look at, you stupid fool you?"

"Well," said Jake, drawing a long breath, "if I must, I must, for I love you, Sal;" and so Jake commenced sidling up to her like a maple poker going to battle. Laying his arm gently upon Sal's shoulder, we heard Sal say:

"That's the way to do it, old hoss;—that is acting like a white man orter."

"O, Jerusalem and pancakes!" exclaimed Jake, "if this ain't better than any apple sass marm ever made, a darned sight. Crack-e-e! buckwheat cakes and 'lasses ain't no where 'long side of you, Sal! O, how I love you!" Here their lips came together, and the report which followed was like pulling a horse's hoofs out of the mire, and on the following Sunday they were married.

Supposing that something extraordinary had happened, he jumped out of bed and opened the door, when he found a boy who questioned him as follows: "Do you live here? Are you going to live here next summer? Do you own this house?" Upon receiving affirmative answers the boy further interrogated: "Well Mr. ——, will you want your garden plowed next spring, because if you do, I want the job." The "prominent citizen" slammed the door and went back to bed with anything but a religious turn of mind.

They gradually thawed him and upon animation being restored he concluded his sentence with "ceedingly cold."

War Between the Freedmen's Bureau and the Negroes.—There has been further trouble on the Cheeves Plantation, in South Carolina; the negroes will not leave the place and still refuse to contract for this year. A collision occurred, in which Lieutenant Lemon, of the Freedmen's Bureau, was shot in the left arm. He returned the fire and killed the negro. Captain Brannt is reported as being held a prisoner by the negroes. Colonel Sibley has dispatched seventy men to the scene of action and rumors of an engagement are prevalent. "THE GRAND ARMY OF THE REPUBLIC."

The Radicals have inaugurated a secret military, political association under this imposing title. None are eligible to membership but those who served in the late war, and can bring testimonials as to their "soundness" on the political issues of the day—opposition to the President, and hostility to the Union of the States under the Constitution. Each State constitutes a department, with its commanders, grand commanders, and other officers, and from these the power decends to the different chapters and lodges of the order. The order or association transacts its business with the utmost secrecy, and the members are known to each other by grips, signs, pass-words, and other contrivances. The duty of the members is to obey, without questioning, the orders of their superiors; to pursue diligently the work of proselyting among the soldiers, and to be active, zealous, and useful during local, State, and national elections. They are also to collect information from all sources and report the same to those in authority in the several orders, chapters or lodges, and, above all, to maintain *intact* their military organization, and to be ready to act at a moment's notice, and in whatever manner is pointed out by the grand commander.

The State Convention of the "Grand Army of the Republic" for Ohio met at Columbus on the 27th ult. About one hundred and fifty delegates were present. The outside attendance was large, including many of the leading Radical politicians of that Commonwealth. This establishes the connection between the "Grand Army of the Republic"—a secret military, political association—and the mischievous men who are ruling the Radical party in the country. The rumor in Ohio is that the members of this secret order are to be supplied with arms from the arsenal of the State, and thus put in a condition for immediate service, should a crisis arise, in the opinion of such men as Butler, and Stevens, and Sumner, and the other revolutionists in Congress, when supreme power is to be held by the bayonet. During the last session of Congress, it will be remembered, General Paine read in place a bill authorizing the Governors of all the "loyal" States to organize, arm, and equip the militia of their States. That was a movement under which the "Grand Army of the Republic" was to be covered and made useful in the political field, and also prepared for action of a different character at the proper moment. Since that time events have traveled with amazing rapidity. The Radicals have developed a policy which is revolutionary in all its aspects and bearings. The President is threatened with impeachment and deposition. The Supreme Court is attacked and its decisions and power ignored by Congress, and ten of the States menaced with annihilation. This is the proposed campaign of the Radicals, and just at this turn of the contest, the "Grand Army of the Republic" comes prominently into view, flanked by the politicians who have labored to produce this revolutionary condition of affairs in the country, and are determined to hold power by the sword, if the people will not submit quietly to their assaults and usurpation.

This organization, which exists in all the Northern States, is treasonable, and dangerous in whatever light it may be viewed. Armed or unarmed, its members are to be used as agents to corrupt public sentiment and keep alive those feelings of hostility which render a true and thorough union between the North and South impossible. There is to be no oblivion of the past. From father to son a worse than Corsican vendetta is to be transmitted, and all means used to widen the breach which war, bloodshed and carnage have made in the social, political and business circles of the different sections of the Union. Further than this, the "Grand Army of the Republic" is the power relied upon by such men as those leading the impeachment column to enforce their orders, no matter what they may be. This military organization is to prevent the people from exercising their constitutional rights, to install a President chosen by twenty-six States of the Union, and to place the majority at the mercy and under the heel of the minority. For such purposes is the "Grand Army of the Republic" organized. The armed clubs of France, during the days of the Revolution in that nation, subverted the laws, guarded the guillotine, and trampled under foot all law and order, and the "Grand Army of the Republic" may act the same part in the history of this country, if the people are not prepared to defend their liberty.—*Age.*

A DIVORCE GONE TO WASTE.

The Beaver *Argus* narrates the following story:

On the 1st day of January, 1820, in the county of Beaver, and State of Pennsylvania, Azariah Wood and Polly —— gave themselves to each other as New Year's gifts—for better or worse—for all time to come. In the course of true love they removed to New Garden, Ohio, where they continued to live together until some time in February, 1865. On the 27th March, 1865, Mr. Wood filed a petition for divorce in the Court of Common Pleas of Columbiana county, alleging that his wife, Polly, had been guilty of extreme cruelty toward him in February preceding, and also that she had been guilty of gross neglect of duty for three years.—Polly, at that time, appeared to have been living in Portage county, and Azariah brought her into court by publication in a newspaper. The case came on for trial at the May term, and a decree of divorce granted, investing Azariah with all the rights, privileges, appurtenances and hereditaments of a single man. The proof was ample. Polly had run at him with a butcher knife, and had maltreated him in divers and sundry ways, and unbecoming the loving treatment of a devoted wife. When Azariah was loosened from the vinculo matrimonii, we had supposed, let fate do her worst, he would not again put on the manacles. But he maintained his widowed condition for a year and a half, and then, with the world to choose from, with as good fish to bait as ever were caught, he re-courted Polly, recounted his wrongs, forgot, forgave, re-married, and he is again living happily with the first chosen of his heart.

A Negro Barber Made a Corporator.—Last week, while a bill was going through the House of Representatives to incorporate the Washington Transportation and Coal Co., Mr. Wentworth, of Ill., "moved to strike out the name of Charles Knapp, Treasurer of the Johnson Committee, and to substitute for it the name of John J. Johnson, the colored barber of the House, who was well known to all the members, and was a man of capital and respectability. [Laughter]. The amendment was adopted by the House." Mr. Knapp is a large manufacturer, and one of the prominent men of Washington. John J. Johnson is the *negro barber* who shaves, *curls* and *perfumes* the members of Congress. The Mongrels seem to have a grudge against everybody who is white, who will not degrade themselves to a level with negroes.

The Difference.—The Boston *Post* very pertinently inquires, which is the most indulgent—to sentence a negro to two years hard labor *on a farm*, or a white man to two years hard labor *in a State Prison?* This is just the difference between the treatment of black and white criminals in Maryland which the assumed friends of the negroes cry out against. It is the white man who should complain. But so it goes, and the poor white man is nothing with the Radicals, except so far as they can use him to keep them in power.

NEGRO LEGISLATION.

If there should be a single individual in this county who supposes that the Radicals in our State Legislature do not mean to make the negro the equal of the white man in all things, let him read the report of the proceedings of the Senate on Tuesday last, to be found in another column. It will be seen that these fanatical demagogues are in dead earnest about this thing. They have resolved that any railroad company which dares to interfere with the right of a negro to go into what car he pleases or sit where he pleases in a car, shall be subjected to heavy damages. Even sleeping cars are to be open to them as freely as they are to white men and women. They are not only to sit in the same seat, but to sleep in the same bunk with Sambo and Dinah. We protest against it. But of what avail are protests, when a set of crazy or wicked politicians take it into their heads that the principles of the party of great moral ideas demand that there shall be an end of all distinction on account of color. They claim that the election of Geary was an assent of the people of Pennsylvania to such doctrines. It is for those who supported him to say whether that is what they meant.

THE RADICALS GETTING ALARMED.

The impeachment agitation has, it seems from leading journals in the North and West, already had a depressing effect upon business, unsettled the finances, and cost the country millions of dollars. The Washington *Star* says: Capital has taken alarm, workmen are being dismissed from employment, stocks are going down, the demand for National securities has diminished, and indications of a financial panic are increasing. As a consequence, the principal Republican journals throughout the country, with but few exceptions, seriously deprecate even a remote possibility of a conflict between the Legislative and Executive branches of the Government. The New York *Tribune* is foremost in its opposition to impeachment. It and other leading journals foresee disaster to the country, and ruin to the Republican party, if the agitation is continued. The Chicago *Tribune*, the great radical thunderer of the Northwest, is out in an elaborate and forcible article against the impeachment of the President; and the Albany *Journal* goes so far as to say, "We believe the country will suffer less by a continuance of Andrew Johnson in office—even if he should repeat his 22d of February speech once a week, and appoint none but Copperheads to office—than by the perturbations which would follow an indictment in the House of Representatives."

DANIEL WEBSTER'S PREDICTION.

The mighty mind of the great "Expounder of the Constitution" foresaw, with all the clearness of prophetic vision, the results of the negro agitation then disturbing the peace of the country.—Massachusetts still glories in the fame of her great lawyer, orator and statesman; but does she ever think of his prophecy more than thirty years ago, and which has been so remarkably fulfilled to the very letter? Speaking of the present Jacobin political party, then in embryo, Mr. Webster said:

> "If these infernal fanatics and abolitionists ever get the power into their hands, they will override the Constitution, set the Supreme Court at defiance, change and make laws to suit themselves, lay violent hands on those who differ with them in opinion and dare question their infallibility, and finally bankrupt the country and deluge it in blood."

MAN THE GUNS!

The National Democratic Association of Washington city met last week, and by a formal resolution, recommended the calling of a National Democratic Convention to assemble in the city of New York on the 21st day of May next. The importance of this step, says the Washington *Union*, cannot be over-estimated, and for the information and advice of our friends abroad, it is well to state that this step was not taken without the freest and fullest previous conference with all the leading friends of Constitutional Law and Liberty residing or temporarily present in this city. The movement was well considered and matured, and it has the strength of the approval of those men to whom the country is now looking for bold and able leadership in this perilous crisis.

We call on the organized masses of the Democracy to respond, to take early and effective measures to be ready to send their delegates, chosen in the usual way and the usual number, when the actual and final call is made. Democratic committees are earnestly invited to correspond with the Hon. Charles Mason, Washington, D. C., on this subject, making such suggestions as to them may seem expedient in the premises. The movement is one of *peculiar significance* at this time, and we hope our friends will enter heartily into it. A Presidential election is soon to come off and *there are thirty-six States in this Union*. Provision must be made for counting the electoral votes of *all* of them. "*A word to the wise is sufficient.*"

Meeting of Army Officers at Washington:—General Grant has called a meeting of major generals and brigadier generals of the army at Washington, to confer upon army matters generally, and especially to consult upon any necessity of maintaining garrisons in the ex-rebel States. It is very well known that General Grant desires the removal of all the United States troops from the South at the earliest moment possible; and it is probable that, in contemplation of such a movement, he desires first to learn the opinions of those officers who have been in command of the departments, as well as of others, as to its wisdom and expediency.

THE NEGRO IN OUR LEGISLATURE.

We take the following report of proceedings in the Legislature from that superlatively loyal sheet, the Harrisburg *Telegraph:*

TUESDAY, Feb. 5, 1867.

The following petitions were presented:

Messrs. Connell, White, Shoemaker, Worthington, Cowles and others presented petitions in favor of allowing colored persons to ride in public conveyances.

An act to punish by fine any railroad company that excludes colored persons from its cars was considered.

Mr. Wallace (Democrat) moved to amend by changing the section so as to allow colored persons to occupy seats at the end of the cars.

Mr. White (Republican) favored the bill, but held that it was illegal to indict a corporation for misdemeanor. Some amendment seemed to be needed.

Mr. Wallace held that the duty of the corporation was done when it furnished comfortable seats, and held further that the colored persons had no right to intrude themselves upon the seats devoted to white persons.

The amendment of Mr. Wallace was lost by 14 ayes to 16 nays.

A running discussion took place as to the wording of the section—whether the *language made the corporation liable or merely its agents*. There appeared to be a technical difficulty in convicting a corporate body of a misdemeanor. The matter was finally adjusted by a proposition of Senator Cowles to make the company which shall permit persons to be excluded liable to an action of debt to the person agrieved in the sum of $500. This proposition was agreed to by 17 ayes to 14 nays.

Mr. Searight (Democrat) offered an amendment releasing the penalty in case any company shall set apart separate cars *for colored persons*, or separate seats at the end of a car. Lost by a party vote of 18 Republicans to 13 Democrats.

Mr. Wallace (Democrat) offered the following: *Provided*, That nothing herein contained shall be construed to compel the admission of negroes into berths in sleeping cars, or to punish any one for the exclusion of persons of color from cars set apart for the use of ladies. Lost—17 yeas to 16 nays.

Mr. Brown (Republican) of Mercer, offered an amendment, as follows: *Provided*, That nothing in this act shall be so construed as to prohibit any officer, agent or conductor of any railroad in this Commonwealth whose cars are now drawn by steam power from setting apart certain cars for the accommodation of particular classes of passengers: *Provided further*, That no distinction shall be made on account of race or color.

Various *Republican Senators* urged the withdrawal of this amendment, and it was of course withdrawn.

Mr. Donovan (Democrat) moved to amend by making the penalty $100,000 for excluding a negro, and imprisoning the party who offends until Fred. Douglass is elected President of the United States and Thaddeus Stevens Vice President. [Laughter.] Ruled out of order.

Mr. McConaughy (Republican) moved to refer the bill back to the committee, in order that it might be perfected.

The subject was interrupted by the hour of adjournment and was held over.

☞The bill punishing railroad companies in $500 damages, and employees and agents in a like penalty and imprisonment, for excluding darkies from the cars occupied by white folks, was passed by the Radicals of the Senate on Wednesday.

Those voting in favor of the bill were Messrs. Bigham, Billingfelt, Browne, Brown, Coleman, Connell, Cowles, Graham, Landon, Lowry, McCONAUGHY, Ridgway, Shoemaker, Stutzman, Taylor, Worthington and Hall—all Republicans.

Those voting against were Messrs. Burnett, Davis, Donovan, Glatz, Haines, Jackson, James, M'Candless, Randall, Schall, Searight, Wallace and Walls—all Democrats, except Mr. Haines.

What do those who heard McConaughy's "no-negro-issue" speeches last fall, think of him now?

GEARY'S SENTIMENTS.

The Erie *Dispatch*, a first class Republican paper, is not partial to the new Governor. It says:

> Our argument is, that the Republicans have disgraced themselves by the selection of Geary as Governor of Pennsylvania. The fact is plain enough, and it does not require any effort or argument on our part to prove it. What will a Republican, "or any other man," think *of an individual who will give expression to his profound wisdom and statesmanship in the following manner*, provided he is asked for a sentiment by his "German fellow-citizens?" Taking a glass of lager he says:
>
> "The English like their beef, the Irish like their potatoes, and the Germans like their lager. This, gentleman, *is the sincere sentiment of my heart!!!*"
>
> It was the wonderful, wise and profound speech, made by Geary in Wagner's Hall, in this city, which awakened us to an estimate of his importance as a statesman and a man of ability; and this and similar expressions of his which led us to belive that the Republican party had made a mistake when they selected him for Governor. If his administration proves that we are in error we will be glad to acknowledge it at the proper time.
>
> It is not for the purpose of disgracing the Republican party, but for the purpose of *shaming the leaders of that party*, that we mention these things. If we have under-estimated Gov. Geary it is because we have seen the *wrong side of him*—and we can certainly be allowed the expression, because no politicians are now introduced to the public who have not *two sides*—one for politicians, peculiarly their own, and another for the people who know but little and care less about politics.

☞Hon. Henry S. Magraw, formerly State Treasurer of Pennsylvania, and a resident of Lancaster, was struck with apoplexy whilst walking along Pennsylvania Avenue, in Washington city, on Thursday evening week, and died on Friday. At the time of his death, Mr. M. was a citizen of Maryland, and represented Cecil county in the House of Delegates of that State. He was a gentleman of fine education, an able lawyer, fluent speaker, and was beloved and respected by a large circle of friends and acquaintances in every part of the Union. He was about 53 years of age.

World Mutual Life Insurance Company.—This company, whose office is located at 117 Broadway, New York, is said to be one of the very best companies for life insurance now in existence. Losses are paid in thirty days after proof of death, and its mutual premiums are lower than most companies in the United States. One of its most special features is that its non-participating premiums are lower than those charged by any other company in the world, and thirty days grace are allowed in the payment of premiums. This is a good company to invest in. J. F. Fraueauff, Hollidaysburg, Blair county, is the general agent for the State of Pennsylvania, to whom all applications, whether for insurance, local agencies, or information, should be addressed.

TOWN AND COUNTY AFFAIRS.

"EARLY HARVEST."—The spring sales generally afford "the printer" a small harvest, and such we are now having—as witness the large number advertised in our columns. The space usually devoted to "reading matter" is thus somewhat infringed upon, but as the thing is not likely to last long, we know our generous friends will bear with us, and at the same time feel glad that the COMPILER enjoys so large a share of advertising patronage. Beside, to the county reader, every advertisement, from the long county account, down through all the sales to the smallest business notice, is a "local item" of interest.

Our advertising friends are tendered sincere acknowledgments for their many favors.

BUILDING ASSOCIATION.—We understand that a number of our citizens are about taking initial steps for the organization of a Building Association. With the light we have in regard to the working of these associations, we are inclined to the belief that one here would be of great benefit in several ways—first, to improve the town, and, second, to enable many to secure homes for themselves *who could not otherwise do so*. A scarcity of dwelling houses has been felt here for several years—and as the inevitable effect of a Building Association would be to increase the supply, thus not only affording accommodation for the natural increase of population, but inviting removals from other sections, it seems to us that the contemplated Association should commend itself to all. Such organizations are working well in other places—why would not one be just as successful in Gettysburg?

NORMAL SCHOOL.—Our able and efficient School Superintendent, Aaron Sheely, Esq., will open a Teachers' Institute, or County Normal School, in this place, to commence on the 2nd of April, and continue thirteen weeks. This is a movement in the right direction. That the standard of teaching qualifications should be elevated, does not admit of question—and the School which Mr. Sheely proposes to open will be just the thing needed to produce the desired improvement. To students from the county, the location will be as convenient as could be desired, whilst they will no doubt find boarding and lodging comparitively cheap. These advantages, with Mr. Sheely's undoubted qualifications, combine to render this opportunity for advancement by teachers a rare one.—The attention of those concerned is directed to an advertisement on the subject, in another column.

CHANGE OF VENUE.—The bill from the Senate, to change the venue in the case of the Commonwealth against Henry Stevens and Jacob Harman, election officers at Abbottstown, indicted for refusing the vote of a so-called "deserter," from Adams to Dauphin county, passed the House on the 25th ult. The suit might have been tried at the January Court, (at which, by the way, the traverse jurors were nearly or quite equally divided between the two parties,) but—presto!—came the act for a change of venue! The Radical calculation no doubt is, that by removal the suit will never be tried. The talk about not getting a fair trial here is all bosh—such a trial the accused do not want—and McConaughy evidently means that they shall have no trial at all. Thus is the law daily trampled under foot by Radical demagogues. Can an honest people ever forget them and their misdeeds?

JURY BILL.—It is stated that the Republican members of the Legislature had a caucus, on Thursday evening week, in regard to the "jury bill." The more unblushing and dishonest were for a law to operate on the Democratic counties alone, whilst those more fairly disposed would not agree to a change unless it be made general. The caucus adjourned without coming to a definite conclusion.

ARREST.—An individual who gave his name as Andrew S. Clark, hailing from York and Philadelphia, was arrested here on Thursday, by officer Rouzer, on *suspicion* of having robbed the Waynesboro' Post Office, on the 27th of December last. About fifty dollars' worth of postage stamps were found upon his person. He was committed to the county jail, to await the order of the United States District Court at Philadelphia.

"SOME PUMPKIN."—We are under many obligations to Mrs. Henry J. Kuhn, of Irishtown, for the present of a mammoth pumpkin, its weight being *sixty-seven pounds*. It is now on exhibition in our "sanctum," where it will remain a few days. After that, all hands expect to luxuriate on pumpkin pies, than which, if rightly made, few are better. Our generous lady donor has large thanks.

UNITED BRETHREN.—The Conference of the United Brethren in Christ was held at West Fairview, Pa., on the 24th ult. Among the appointments we notice the following:—York Station, J. G. Smith; York Springs Circuit, D. O'Farrell; Manchester, G. W. Lightner; Littlestown, H. A. Schlichter; Bendersville Mission, W. Owen; Chambersburg, H. Y. Hummelbaugh.

BURGLARY.—We learn that, on Friday night week, some scoundrel entered the warehouse of Mr. A. Sheely, at New Oxford, and, forcing open the safe, stole about fifty dollars therefrom. No arrest has yet been made.

PATENT.—We observe among the list of patents issued to Pennsylvanians from the United States Patent Office for the week ending January 22, 1867, that of Geo. Palmer, of Littlestown, Adams county, for improved washing machine and clothes wringer.

☞Mr. Reuben Golden has sold his property, just below the Cemetery, to Dr. D. Study, for $1,100, cash. It cost Mr. G. about $500, two years ago.

Dr. F. W. Vandersloot has sold his property in Abbottstown, to Francis Grove, for $971 cash.

VALENTINES.—E. H. Minnigh & Bro., in Chambersburg street, are prepared to accommodate those who desire to celebrate St. Valentine's day in the old-fashioned way. They now offer for sale the largest assortment of Valentines ever before offered in this place. They have something to suit every taste, from grave to gay, and ask the public to give their stock an examination. 1d

AGRICULTURAL SOCIETY.—*Life Membership.*—The officers of the Adams County Agricultural Society, having purchased the ground for the holding of the Fairs here, are earnestly discussing and digesting plans to insure the highest possible degree of success to the movement. The ground is well and conveniently located, and the progressive character of the times demands that the improvements be good. It is the desire of the management to meet every reasonable expectation, and with a little assistance on the part of the public it can be done. It is intended that the track be one of the best in the State—half a mile—whilst the buildings shall be commodious, appropriate, and to some extent ornamental. Adams county *can* afford a respectable Fair establishment, and it is safe to anticipate that our people—farmers, mechanics and business men generally—have enterprise and local pride enough to lend the requisite amount of assistance to make it such.

We may be asked how is the public to render that help *now?* We answer, by purchasing *Life Member's Certificates.*—This would give the Board control of funds which they *must have* as soon as Spring opens and operations on the grounds commence, and thus largely lighten the laborious task which has been committed to them. This is the good the immediate purchase of these Certificates would do the Society, whilst it would at the same time secure to purchasers advantages worth five times the investment. The cost of a Life Membership is ten dollars, which will entitle the holder, his wife, daughters and minor sons to receive tickets of admission to all the Exhibitions of the Association thereafter. They *are also* privileged to enter the grounds on horse-back, or in buggies, or carriages, without additional charge. It is the intention of the Board to grant Life Members the further privilege of putting up stalls of their own on the Fair grounds, if they desire.

These are advantages which should have weight with a large class of our people, and it is earnestly hoped they will take hold of the matter at once, and give the Society considerable aid in this direction. If the public will properly second the work, the officers will leave no effort untried to make the Fair establishment a credit to the taste, enterprise and liberality of the county.

Life Member's Certificates can be procured from the President, Mr. Samuel Herbst—the Secretary, Dr. E. G. Fahnestock—or any member of the Board. Those who have paid $1 for membership for the present year will receive a Life Membership for $9 additional.

GROUND HOG DAY.—Among other superstitions which prevail, no one is more universally noticed than that which predicts the character of the weather which is to follow the *second day of February* from the character of the day itself. If the day be fair and sunshiny, the universal belief is that six weeks of rough weather will inevitably follow; if it be cloudy all day long the backbone of winter is regarded as broken, and pleasant weather anticipated. Some say that so surely as the sun shines through the crevices of the stable, so surely will snow blow through repeatedly before spring. But the more general character of the prediction is contained in the report that regularly on the morning of the second day of February the ground hog creeps out of his hole, and if he sees his shadow he retires at once for another nap of six weeks' duration. If, however, this weather-wise creature is greeted by a cloudy sky, he knows that open weather is to follow, and proceeds at once on his spring campaign. If there be any truth in the belief the worst of the present winter is over, for no ground hog could see his shadow on Saturday week, the 2nd day of February, and no sunlight shone through the chinks of any house or stable. We hope the ground hog may prove to be weather-wise.

PENNSYLVANIA COLLEGE.—We understand a special meeting of the Board of Trustees of Pennsylvania College was held on Wednesday last. The election of a successor to Prof. Mayer, who has resigned his chair, was postponed to the regular meeting next fall—the Faculty, in the meantime, to make provision for temporary instruction in that department.

Leave of absence was granted to Dr. Baugher, President of the Institution, for three or four months, to visit Europe.

It was also resolved to erect at once a building for the Preparatory Department, not to exceed $25,000 in cost, and a Committee was appointed to propose plans and specifications, invite proposals, &c. We are glad to learn that the institution is in an unusually prosperous condition, the increased number of students being so great that difficulty is found in accommodating them. Hence the necessity for a new building.—*Sentinel.*

A SNAKE IN A STOVE.—We learn that a gentleman residing in our town some few weeks ago purchased a lot of old, condemned sleepers from the Railroad Company, for the purpose of using them as fire-wood. They were accordingly conveyed to his residence and sawed in suitable lengths for the stove and were used as fuel, and as such gave great satisfaction, until one evening the good wife placed one of the pieces in the stove, when a very strange and remarkable occurrence happened. Shortly after placing the wood in the stove her attention was attracted by a singular noise in the room, not unlike the crying of a child or the moaning of a person in distress, and upon searching for the cause of it ascertained that the noise proceeded from the stove, and becoming somewhat alarmed called in her husband and acquainted him of the matter. The gentleman at once advanced to the stove and upon opening the door a strange and fearful sight met his astonished gaze—right in the very midst of the blazing flames was a large black snake writhing in agony, and uttering the piteous noise which had attracted the attention of the lady. The snake slowly crawled out of the stove and dropped on the floor, a veritable "fiery serpent," and in a few seconds expired. The snake had doubtless entered a hollow cavity in the sleeper in the Fall, and relapsing into a torpid state, was only aroused when encompassed by the flames.—*Hanover Spectator.*

☞A woman in Michigan asked for a divorce from her husband because he refused to wear a moustache.

BOUNTY ACCOUNTS.—In last week's issue we referred to the provisions of the general law requiring the Township Auditors to settle all Bounty accounts. Since then we learn that a special law has been passed restoring the old law authorizing the court to appoint special Auditors to settle such accounts, and has been signed by the Governor. Under this act ten or more tax-payers can apply to the court by petition for an audit, and the Auditors' report, as amended or approved by the court, is final.—*Chambersburg Repository.*

SUICIDE.—On Sunday afternoon last, Mr. David Jacoby, a resident of North Water street, committed suicide by shooting himself through the head with a shot gun. It seems that he was fearful of being arrested on some charge, and while Constable Smith was in one part of the house making a search, he went to another room, and placing the muzzle of the gun beneath his chin, discharged the contents either with the ramrod or his foot, causing instant death. The deceased was employed by Messrs. Smalls, Bender & Co., as driver, and leaves a wife and several grown children.—*York Gazette.*

☞A few days ago, in the House at Harrisburg, Mr. Heltzel presented several petitions for the re-building of the Columbia bridge.

THE NEW TARIFF BILL.

The New York Post (Rep.) takes strong ground against the tariff bill before Congress, which it alleges discriminates heavily against the mechanics and farmers of the country in favor of the wealthy. Here are some of its objections to the provisions of the bill:

> Thus woollen coatings, the cost of which is $1 per yard, are to be raised twenty-four per cent. higher; but the fine and costly qualities, the gold price of which is $2.40, are raised only eleven per cent.; and still finer qualities, of the gold cost of $2.60, are raised only ten per cent. The coarser coatings are to pay from eighty to one hundred and twenty per cent. in duties, but the finer and more costly are only burdened with from sixty-five to seventy per cent.
>
> The same is true of carpets. The duty on the high-priced carpets is not raised at all; that on low-priced carpets is raised ten cents per square yard, above five per cent. In the same manner, there is no increase on silk dress goods, which are bought by the wealthy; but on small articles of silk, such as ribbons, which are used by the poor as well, there is an increase of ten per cent. High priced linens are even put under a diminished duty; they are to pay five per cent. less than now.
>
> The commonest kinds of cutlery are to pay from one hundred to two hundred per cent. duty; that is to say, farmers and mechanics and working people generally, are to be made pay by this atrocious tariff twice or three times as much as the articles can be imported for; for, of course, the home manufacturer will at once put up his prices to the highest limit at which he can just undersell the importer who has these duties to pay.

☞The Grand Jury of the District of Columbia found an indictment on Monday, against John H. Surratt, charging him with the murder of President Lincoln. The Swatara is expected daily, and on her arrival Surratt will be placed in charge of the Marshal of the District. His trial will probably come off at the present term.

☞A letter from Hampshire county, Massachusetts, says the snow is five feet deep in that part of the State, and another from a thickly-settled town in Worcester county speaks of the roads as being nearly impassable.

To Owners of Horses.

Thousands of Horses die yearly from Colic. This need not be. Dr. Tobias' Venitian Horse Liniment will positively cure every case, if given when first taken. The cost is only one dollar. Every owner of a horse should have a bottle in his stable, ready for use. It is warranted superior to anything else for the cure of Cuts, Wind Galls, Swellings, Sore Throat, Sprains, Bruises, Old Sores, &c. This Liniment is no new remedy. It has been used and approved of for 19 years by the first horsemen in the country. Given to an over-driven horse, it acts like magic. Orders are constantly received from the racing stables of England for it. The celebrated Hiram Woodruff, of trotting fame, has used it for years, and says it is far superior to any other he has tried. He kindly permits me to refer to him. His address is East New York, Long Island. Recollect, Dr. Tobias' Venitian Horse Liniment is put up in pint bottles. Take no other. Sold by the Druggists and Saddlers. Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other expectorant is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

We can only assure the public, that its quality is carefully kept up to the best it ever has been, and that it may be relied on to do for their relief all that it has ever done.

Great numbers of Clergymen, Physicians, Statesmen, and eminent personages, have lent their names to certify the unparalleled usefulness of our remedies, but space here will not permit the insertion of them. The Agents below named furnish gratis our American Almanac in which they are given, with also full descriptions of the complaints they cure.

Those who require an ALTERATIVE MEDICINE to purify the blood will find AYER'S COMP. EXT. SARSAPARILLA the remedy to use. Try it once, and you will know its value.

1849 and 1856.

Millions of Bottles of it is pronounce it their best physician. The virtues of its unequaled remedial property never fail. It preserves and regulates, in various ways. As a preventive against Cholera it is a standard remedy, as one dose of the Relief, at the very first symptom, always dethrones its virulence. In 1849, thousands of persons seized with it were saved. So with the Yellow Fever, in 1856. Thousands and tens of thousands of soldiers were cured of Diarrhoea and Dysentery, two years past, by its use, according to Hospital proofs, throughout the American Army. Even Rheumatism receives immediate relief to the patient; also those attacked with Chills and Fever, Influenza, Sore Throat, Inflammation of the Bowels, Headache, Diseases of the Kidneys, Scalds, Hysteria, Physical prostration, and such like complaints. The proof of its superior efficacy is, its battling against pain, relieving the suffering, curing and killing Pain! For Neuralgic affections, Diptheria, Tic Doloreux, it is surely a specific. Travelers, who change their water, persons desirous of strength, who want vitality and a renewal of life, can depend upon Radway's Ready Relief as a most inviting and effectual remedy.

Dr. SCHENCK'S PULMONIC SYRUP.

This [illegible] discovered Dr. J. H. Schenck, the Proprietor, of Pulmonic [illegible], when it had resisted its [illegible] his death appeared to be inevitable. His physicians pronounced his case incurable, when he commenced the use of this simple but powerful remedy. His health was restored in a very short time and no return of the disease has been apprehended, for all the symptoms quickly disappeared, and his present weight is more than two hundred pounds.

Since his recovery, he has devoted his attention exclusively to the cure of Consumption, and the diseases which are usually complicated with it, and the cures effected by his medicines have been very numerous and truly wonderful. Dr. Schenck makes professional visits to several of the larger cities weekly, where he has a large concourse of patients, and it is truly astonishing to see poor consumptives that have to be lifted out of their carriages, and in a few months healthy, robust persons. Dr. SCHENCK'S PULMONIC SYRUP, SEAWEED TONIC, and MANDRAKE PILLS are generally all required in curing Consumption. Full directions accompany each, so that any one can take them without seeing Dr. Schenck, but when it is convenient it is best to see him. He gives advice free, but for a thorough examination with his Respirometer a fee of three dollars.

Please observe, when purchasing, that the two likenesses of the Doctor—one when in the last stage of Consumption, and the other as he now is, in perfect health—are on the Government stamp.

Sold by all Druggists and Dealers. Price $1.50 per bottle, or $7.50 the half dozen. Letters for advice should always be directed to Dr. Schenck's Principal Office, No. 15 North 6th Street, Philadelphia, Pa.

Caution!

AS a certain difficulty which recently occurred between Charles A. Hartzell and myself has been amicably and honorably settled, I hereby warn all persons not to use my name in connection with the matter hereafter, as I am determined to put the law in force against each and every person violating this caution. The difficulty referred to is this: Charles A. Hartzell said publicly that he had reason to believe that I had returned to the Assessor a certain amount of money at interest of his (Charles A. Hartzell's) which he has not, and the Assessor, J. C. Markley, authorizes me to say for him that *I did no such thing.* I therefore warn all persons to mind how they talk about it hereafter.

DEMAND J. W. BRADLEY'S CELEBRATED PATENT DUPLEX ELLIPTIC (OR DOUBLE SPRING)

SKIRT.

THE WONDERFUL FLEXIBILITY and great COMFORT and PLEASURE to any lady wearing the DUPLEX ELLIPTIC SKIRT will be experienced particularly in all crowded Assemblies, Operas, Carriages, Railroad Cars, Church Pews, Arm Chairs, for Promenade and House Dress, as the Skirt can be folded when in use to occupy a small place as easily and conveniently as a Silk or Muslin Dress, an invaluable quality in crinoline, not found in any Single Spring Skirt.

A lady having enjoyed the PLEASURE, COMFORT, and great CONVENIENCE of wearing the DUPLEX ELLIPTIC STEEL SPRING SKIRT for a single day, will never afterwards willingly dispense with their use. For Children, Misses and Young Ladies they are superior to all others.

They will not bend or break like the Single Spring, but will preserve their perfect and graceful shape when three or four ordinary Skirts will have been thrown aside as useless. The Hoops are covered with double and twisted thread, and the bottom rods are not only double springs, but twice (or double) covered, preventing them from wearing out when dragging down steps, stairs, &c.

The Duplex Elliptic is a great favorite with all ladies and is universally recommended by the Fashion Magazines as the STANDARD SKIRT OF THE FASHIONABLE WORLD.

To enjoy the following inestimable advantages in Crinoline, viz: superior quality, perfect manufacture, stylish shape, finish, flexibility, durability, comfort and economy, enquire for J. W. Bradley's Duplex Elliptic, or Double Spring Skirt, and be sure you get the genuine article.

CAUTION.—To guard against IMPOSITION be particular to NOTICE the skirts offered as "DUPLEX" have the red ink stamp, viz: "J. W. Bradley's Duplex Elliptic Steel Springs," upon the waistband—none others are genuine. Also Notice that every Hoop will admit a pin being passed through the centre, thus revealing the two (or double) springs braided together therein, which is the secret of their flexibility and strength, and a combination not to be found in any other skirt.

FOR SALE in all Stores where FIRST CLASS skirts are sold throughout the United States and elsewhere.

Second, It is now an established fact that It will last from three to six times longer than any other steel plough in use.

Third, It draws lighter than any other Plough, cutting the same width and depth of furrow.

The different parts of the Plough are cast in moulds, into the exact shape desired for the mould-boards, shares and land-sides, giving the parts most exposed to wear any desired thickness. The shares can be sharpened by any blacksmith. The steel is perfectly malleable and works kindly. Edge tools have been made out of pieces of the plough by blacksmiths all over the country.

"EMAIL DE PARIS,"

THE NEW

Beautifier of the Skin.

TESTIMONIALS FROM CELEBRATED LADIES.

This secret of beautifying the skin being known only to Messrs. Jared & Rene, they honorably state that it differs from all other preparations. It gives to the most harsh and freckled skin both the texture and color of polished Ivory, removing all discolorations, whether appearing as freckles, tan, morphew, moth or blackworm specks, and is especially successful in smoothing out the marks left by the smallpox.

The agents of "L'Email de Paris" most confidently submit to the public the earnest endorsements of such distinguished ladies as

Signora RISTORI,
M'dlle FELICITA VESTVALI,
Miss MAGGIE MITCHELL,
Mrs. D. P. BOWERS,
LUCILLE WESTERN,
Madame PONISI,
Mrs. EMMA WALLER,
LUCY RUSHTON,
NOEMIE DE MARGUERITTES,
Miss A. PERRY,

and many others, whose high standing in the profession gives the stamp of truthfulness to their intelligent and genuine approval.

The beautiful Lucille Western says:

"I find that the 'Email' produces all the brilliancy of rouge and lily-white, with the great and peculiar advantage of total harmlessness. It really adds to the softness and beauty of the skin."

The magnificent Vestvali says:

"I have suffered so much from the various white lotions, &c., which my theatrical profession obliges me to use, that I consider it a perfect benefaction to find a preparation which gives the necessary whiteness to the skin, and leaves the skin cool and smooth."

Miss Maggie Mitchell says:

"I have tried the skin beautifier, 'L'Email de Paris,' and found that it instantly imparts a natural bloom and freshness to the complexion."

"Jared's Email de Paris" is used as a delicate beautifier of the skin for Theatre, Saloon or Ball Room, by the most refined and scrupulous ladies, producing all the beautifying effects of rouge and lily-white, without their vulgar glare or injury to the skin.

Sold by all first-class Druggists, Perfumers and Ladies' Hair Dressers.

Sewing Machines.

THE GROVER & BAKER.—THE BEST IN USE. These Machines have become so well known that little need be said by way of recommendation. They have taken the first premium at all the late State Fairs, and are universally acknowledged to be the BEST in use by all who have tried them. The "Grover & Baker Stitch" and the "Shuttle Stitch" are points that have been attained by no other Machine. They are the only machines that sew and embroider with perfection. These Machines are peculiarly adapted to Family use. They are almost noiseless, sew directly from the spool without rewinding, and are simple in their construction. They are easy to manage, and can be worked by almost any child. Every family should have one. *They save labor, they save time, and they save money,* and do their work better than it can be done by hand.

The undersigned having been appointed Agent for the above Machines, has established an Agency in Fairfield, Adams county, where he will always have on hand a supply. Persons wishing to buy will please call and examine for themselves.

Cottage Organ.

ORGANS AND MELODEONS.

These Instruments stand unrivalled by any thing found in this Country or in Europe, as is admitted by all impartial judges. The most eminent Pipe Organ Builders and Performers, the last to discover excellence in reed Tone, pronounce them vastly superior to all others for exceedingly quick articulation and round Tone, the essential feature in instruments of this class. We invite the severest scrutiny and criticism of all.

PATENT VOX HUMANA TREMOLO.

This late and most wonderful invention (so acknowledged by all leading artists) will be found only in the Estey Instruments. It is attempting to describe the effect of this stop, we are at loss for language. Its beauties cannot be written, but must be heard to be appreciated. By this stop an ordinary performer can produce an effect which requires a life time of practice for an artist upon a violin. It entirely changes the reed Tone, giving the sympathetic sweetness of the human voice, making it so melodious and pure that it never fails to enchant the listener.

THE HARMONIC ORGAN

for Churches, Public Halls and Parlors has a powerful sub-Bass with independent reeds, Harmonic attachment and Vox Humana Tremolo, and is believed to be the most powerful reed organ made, being nearly equal to a Pipe Organ of three times the cost.

All instruments warranted for five years.

☞BRASS BANDS supplied with instruments and music at reasonable terms.

His SUGARS, COFFEES, TEAS, MOLASSES, SYRUPS, &c., can't be beat, in quality or price; whilst his assortment of NOTIONS embraces almost everything the public can possibly need. A (Bitter) Acrostic.

RESPECTFULLY Dedicated to the Proprietor of the Great Zingari, by a late Dyspeptic.

Far away from the pyramids of Egypt he came,
Restoring the sick, and healing the lame;
A cure for the cholera, that dreadful disease;
Heaven sent him on earth the dyspeptic to ease.
There are those who were troubled with fever and chills,
E'en they took but one bottle and were cured of their ills,
Resolved that in future, if ever they shake,
Such pleasant, nice Bitters—no other they take,
G t a bottle if troubled with nervous debility;
Rahter says it will cure; just try its ability.
Essence of life, then, to young and to old;
A certain preventive from coughs and colds.
Try it all, who are troubled with a weak appetite,
Zest is given by these Bitters, it only used right;
In scrofula, colic, or a bad diarrhœa,
None who've tried it of either have any more fear.
Great tidings is this, then, for rich and for poor;
A bottle can be had for a dollar (and more—
Rahter gives it to those unable to pay),
In no case of sickness will he turn them away.

F. RAHTER'S GREAT ZINGARI.

WHAT THE ZINGARI BITTERS HAVE DONE.—We publish the following for the benefit of the afflicted everywhere:

"I suffered for a long time of Dyspepsia, Heart Disease, and frequent attacks of Liver Complaint. Often the sufferings were so great that life was almost intolerable. I tried several eminent physicians, and most of the popular remedies recommended for such complaints, but found little relief until a few weeks ago I commenced the use of F. Rahter's Great Zingari Bitters, and am now perfectly cured."

FOUTZ'S
CELEBRATED
Horse and Cattle Powders.

This preparation, long and favorably known, will thoroughly reinvigorate broken-down and low spirited horses, by strengthening and cleansing the stomach and intestines.

It is a sure preventive of all diseases incident to this animal, such as LUNG FEVER, GLANDERS, YELLOW WATER, HEAVES, COUGHS, DISTEMPER, FEVERS, FOUNDER, LOSS OF APPETITE AND VITAL ENERGY, &c. Its use improves the wind, increases the appetite—gives a smooth and glossy skin—and transforms the miserable skeleton into a fine-looking and spirited horse.

To keepers of Cows this preparation is invaluable. It increases the quantity and improves the quality of the milk. It has been proven by actual experiment to increase the quantity of milk and cream twenty per cent and make the butter firm and sweet. In fattening cattle, it gives them an appetite, loosens their hide, and makes them thrive much faster.

In all diseases of Swine, such as Coughs, Ulcers in the Lungs, Liver, &c., this article acts as a specific. By putting from one-half a paper to a paper in a barrel of swill the above diseases will be eradicated or entirely prevented. If given in time, a certain preventive and cure for the Hog Cholera.

THE
PERUVIAN SYRUP
IS A PROTECTED SOLUTION OF THE
Protoxide of Iron,
a new discovery in medicine which
STRIKES AT THE ROOT OF DISEASE,
by supplying the Blood with its VITAL PRINCIPLE, OR LIFE ELEMENT—IRON.

This is the secret of the wonderful success of this remedy in curing

DYSPEPSIA, LIVER COMPLAINT, DROPSY, CHRONIC DIARRHŒA, BOILS, Nervous Affections, Chills and Fevers, Humors, Loss of Constitutional Vigor, Disease of the Kidneys and Bladder, Female Complaints, and all diseases originating in A BAD STATE OF THE BLOOD, or accompanied by DEBILITY, OR A LOW STATE OF THE SYSTEM.

Being free from Alcohol in *any form*, its energizing effects are not followed by corresponding reaction, but are permanent, infusing strength, vigor and new life into all parts of the system, and building up an IRON CONSTITUTION.

DYSPEPSIA AND DEBILITY.

From the Venerable Archdeacon Scott, D. D.

DUNHAM, Canada East, March 24, 1865.

* * * "I am an inveterate Dyspeptic of more than 25 years' standing."

* * * "I have been so wonderfully benefitted in the three short weeks during which I have used the Peruvian Syrup, that I can scarcely persuade myself of the reality. People who have known me are astonished at the change. I am widely known, and can but recommend to others that which has done so much for me."

One of the most DISTINGUISHED JURISTS in New England writes to a friend as follows:

"I have tried the PERUVIAN SYRUP, and the result fully sustains your prediction. It has made A NEW MAN of me; infused into my system new vigor and energy; I am no longer tremulous and debilitated, as when you last saw me, but stronger, heartier, and with larger capacity for labor, mental and physical, than at any time during the last five years."

An EMINENT DIVINE of Boston, says:

"I have been using the PERUVIAN SYRUP for some time past; it gives me new vigor, buoyancy of spirits, elasticity of muscle."

☞THOUSANDS have been changed by the use of this remedy; from weak, sickly, suffering creatures, to strong, healthy, and happy men and women; and invalids cannot reasonably hesitate to give it a trial.

A pamphlet of 32 pages, containing certificates of cures and recommendations from some of the most eminent physicians, clergymen, and others, will be sent FREE to any address.

☞See that each bottle has PERUVIAN SYRUP blown in the glass.

SEYMOUR THATCHER, M. D.,

of Herman, N. Y., writes as follows:

"WISTAR'S BALSAM OF WILD CHERRY gives universal satisfaction. It seems to cure a Cough by loosening and cleansing the lungs, and allaying irritation, thus REMOVING THE CAUSE, instead of drying up the cough and leaving the cause behind. I consider the Balsam as good as any, if not the best, Cough medicine with which I am acquainted."

The Rev. JACOB SECHLER, of Hanover, Pa., well known and much respected among the German population of this country, makes the following statement for the benefit of the afflicted:

Dear Sirs:—Having realized in my family important benefits from the use of your valuable preparation—WISTAR'S BALSAM OF WILD CHERRY—it affords me pleasure to recommend it to the public. Some eight years ago one of my daughters seemed to be in a decline, and little hopes of her recovery were entertained. I then procured a bottle of your excellent Balsam, and before she had taken the whole of the contents of the bottle there was a great improvement in her health. I have, in my individual case, made frequent use of your valuable medicine, and have always been benefitted by it.
